Aquatic Education Resource (AER) report was received and reviewed during the meeting.

- Water testing, state 1/week, HLA 2/year
- Lake Smart program on Lakes Beseck and Pocotopaug should be reviewed
- Dollar General construction for drainage impact to lake, determined it flows into Cockaponset State Forest
- Plan to have 3 BOG members to have website access for backup
- Pond and Lake (P&L) was asked to do the water sampling when they come to service the lake. Replied it was less expensive for association to do this.
- CT new rule, All lake front properties have to be notified twice before the lake treatment
- Snail Seed Pond Weed is starting to bloom, seeking advice from P&L on and early treatment approximately late May early June
- Use Recommendation page from AER report summary for review at the annual meeting
- Look into water collection tools
- Lake Committee budget proposal must be presented to BOG prior to Monday's meeting
- Lake draw down, recommendation should be presented to the bylaw committee

Meeting Closed 7:55 PM
